CRIMINAL CASE NO.
3:93-CR-00240-JCH

MAY 14, 2015

ORDER

Currently pending before the court is a Motion to Reduce Sentence – USSC Amendment 782 (Doc. No. 270) filed by the defendant through counsel. The defendant had previously also filed a Motion to Reduce Sentence pro se. The government’s response to the original motion was filed prior to the Motion to Reduce Sentence filed by defendant’s counsel. The government is **ORDERED** to supplement its response to the Presentence Investigation Report Addendum by filing a memorandum stating its position on the issue raised in the Motion to Reduce Sentence (Doc. No. 270): that in light of the particular circumstances of this case – namely, different drug quantity calculations by the original sentencing judge and the sentencing judge following the defendant’s successful appeal – the court should consider the base offense level used by the sentencing court to be 32 and not 36. The memorandum shall be filed no later than June 4, 2015.

SO ORDERED.

Dated this 14th day of May, 2015, at New Haven, Connecticut.
